

**Outreach Presenters** provide informative presentations about miniatures and the Museum to school groups or professional and service organizations at venues away from the Museum including schools, libraries, community centers, and senior assisted living communities.

**Education Assistants** work with education staff to develop interpretive tools for use in the galleries. Examples include: thematic hands-on demonstration carts which docents will present to the public in the galleries, designing and organizing an interactive tour for the visually impaired or creating gallery guides.

Education assistants and outreach presenters are at ease with the public, encourage imagination, support inquiry, are detail oriented and work well in a team. Volunteers with a background in education and/or public speaking are desirable- however, imaginative volunteers with an interest in language arts, history, mathematics, arts and crafts and a genuine desire to learn and share their interests are welcomed.

**Training:**

- Museum staff provides training and direction for specific projects and programs
- Outreach presenters attend docent training meetings and must participate in equipment training

**Responsibilities:**

- Attend required training sessions
- Education Assistants commit to a short or long-term project (time commitment varies according to the project but will average 4 hours per week for a 6 month period)
- Outreach presenters commit to 80 hours of service over a period of 6 months

**Benefits:**

- Exclusive lecture presentations about miniatures in the collection
- 10% discount on museum shop purchases, classes and workshops
- 4 free passes annually after 20 hours of service
- Annual holiday and recognition luncheon
